Galle Day Tour

Galle is famously known for the Fort built by the Portuguese and later captured and expanded by the Dutch and British. It still retains some of its colonial charm and some of the buildings have been repurposed into trendy boutiques and cafes.

Located close by is the Hiyare Rainforest Reservoir which hosts 55 species of dragonflies, 12 of which are unique to Hiyare and 78 species of butterflies, 3 of which are endemic to the area and species of freshwater fish, amphibians and mammals.

You'd also get to visit the 'Madu River' and turtle conservation projects along the way.
